SNOW PLOCKADES.

Throughout the Western States during the present winter the snow blockades have been frequent and troublesome, and searcely week passed but the news flashed over the wire that there was no train through out the state of the st

which resulted in their laying to back up to the station and ramain overlaight.

We learn that has autumn Supt. Egan, in attented all road-masters to have section men all sleng the line construct sows fences under the ward of the line on the same the same that the sightly lest distant, and as a some sixty to sightly lest distant, and as a som as there was a fall of the beautiful, the work was commenced, and has been going on ever some, as cach time it knows the fences are made higher. The idea is a movel one, but that it answers the purpose and does not each rameh mount in the constant in the consta

Tur by day relative to miles driving on the atreets passed its second and third readings at the Countil Board last night, and now become law. These who have been in this habit of driving faster than a six miles and hour pair will require to held up considerable in fature, as no doubt any further display of fast moving will be visited with severe pure ishment. That such a by-law and its enforcement as necessary cannot be denied, for effect when the streets are moved on the severe is the configuration of the visited with severe and the visite and visited with severe and the visite with the visited with severe and the visited with sev
